

2020-2022

## Blocktrade Exchange

One of Europe's most secure and reliable places to trade crypto

Based out of the EU, with HQs in Luxembourg and Estonia, Blocktrade is a best-in-class trading platform for buying, selling, and trading a wide range of digital assets. Blocktrade offers zero trading fees, fast transaction speed, many payment options, and a user-friendly interface together with exceptional customer service to its highly loyal and internationally diversified user base. The exchange is registered as a VASP with Estonian, Italian, and Slovenian regulators and fully compliant with AML5 guidelines.

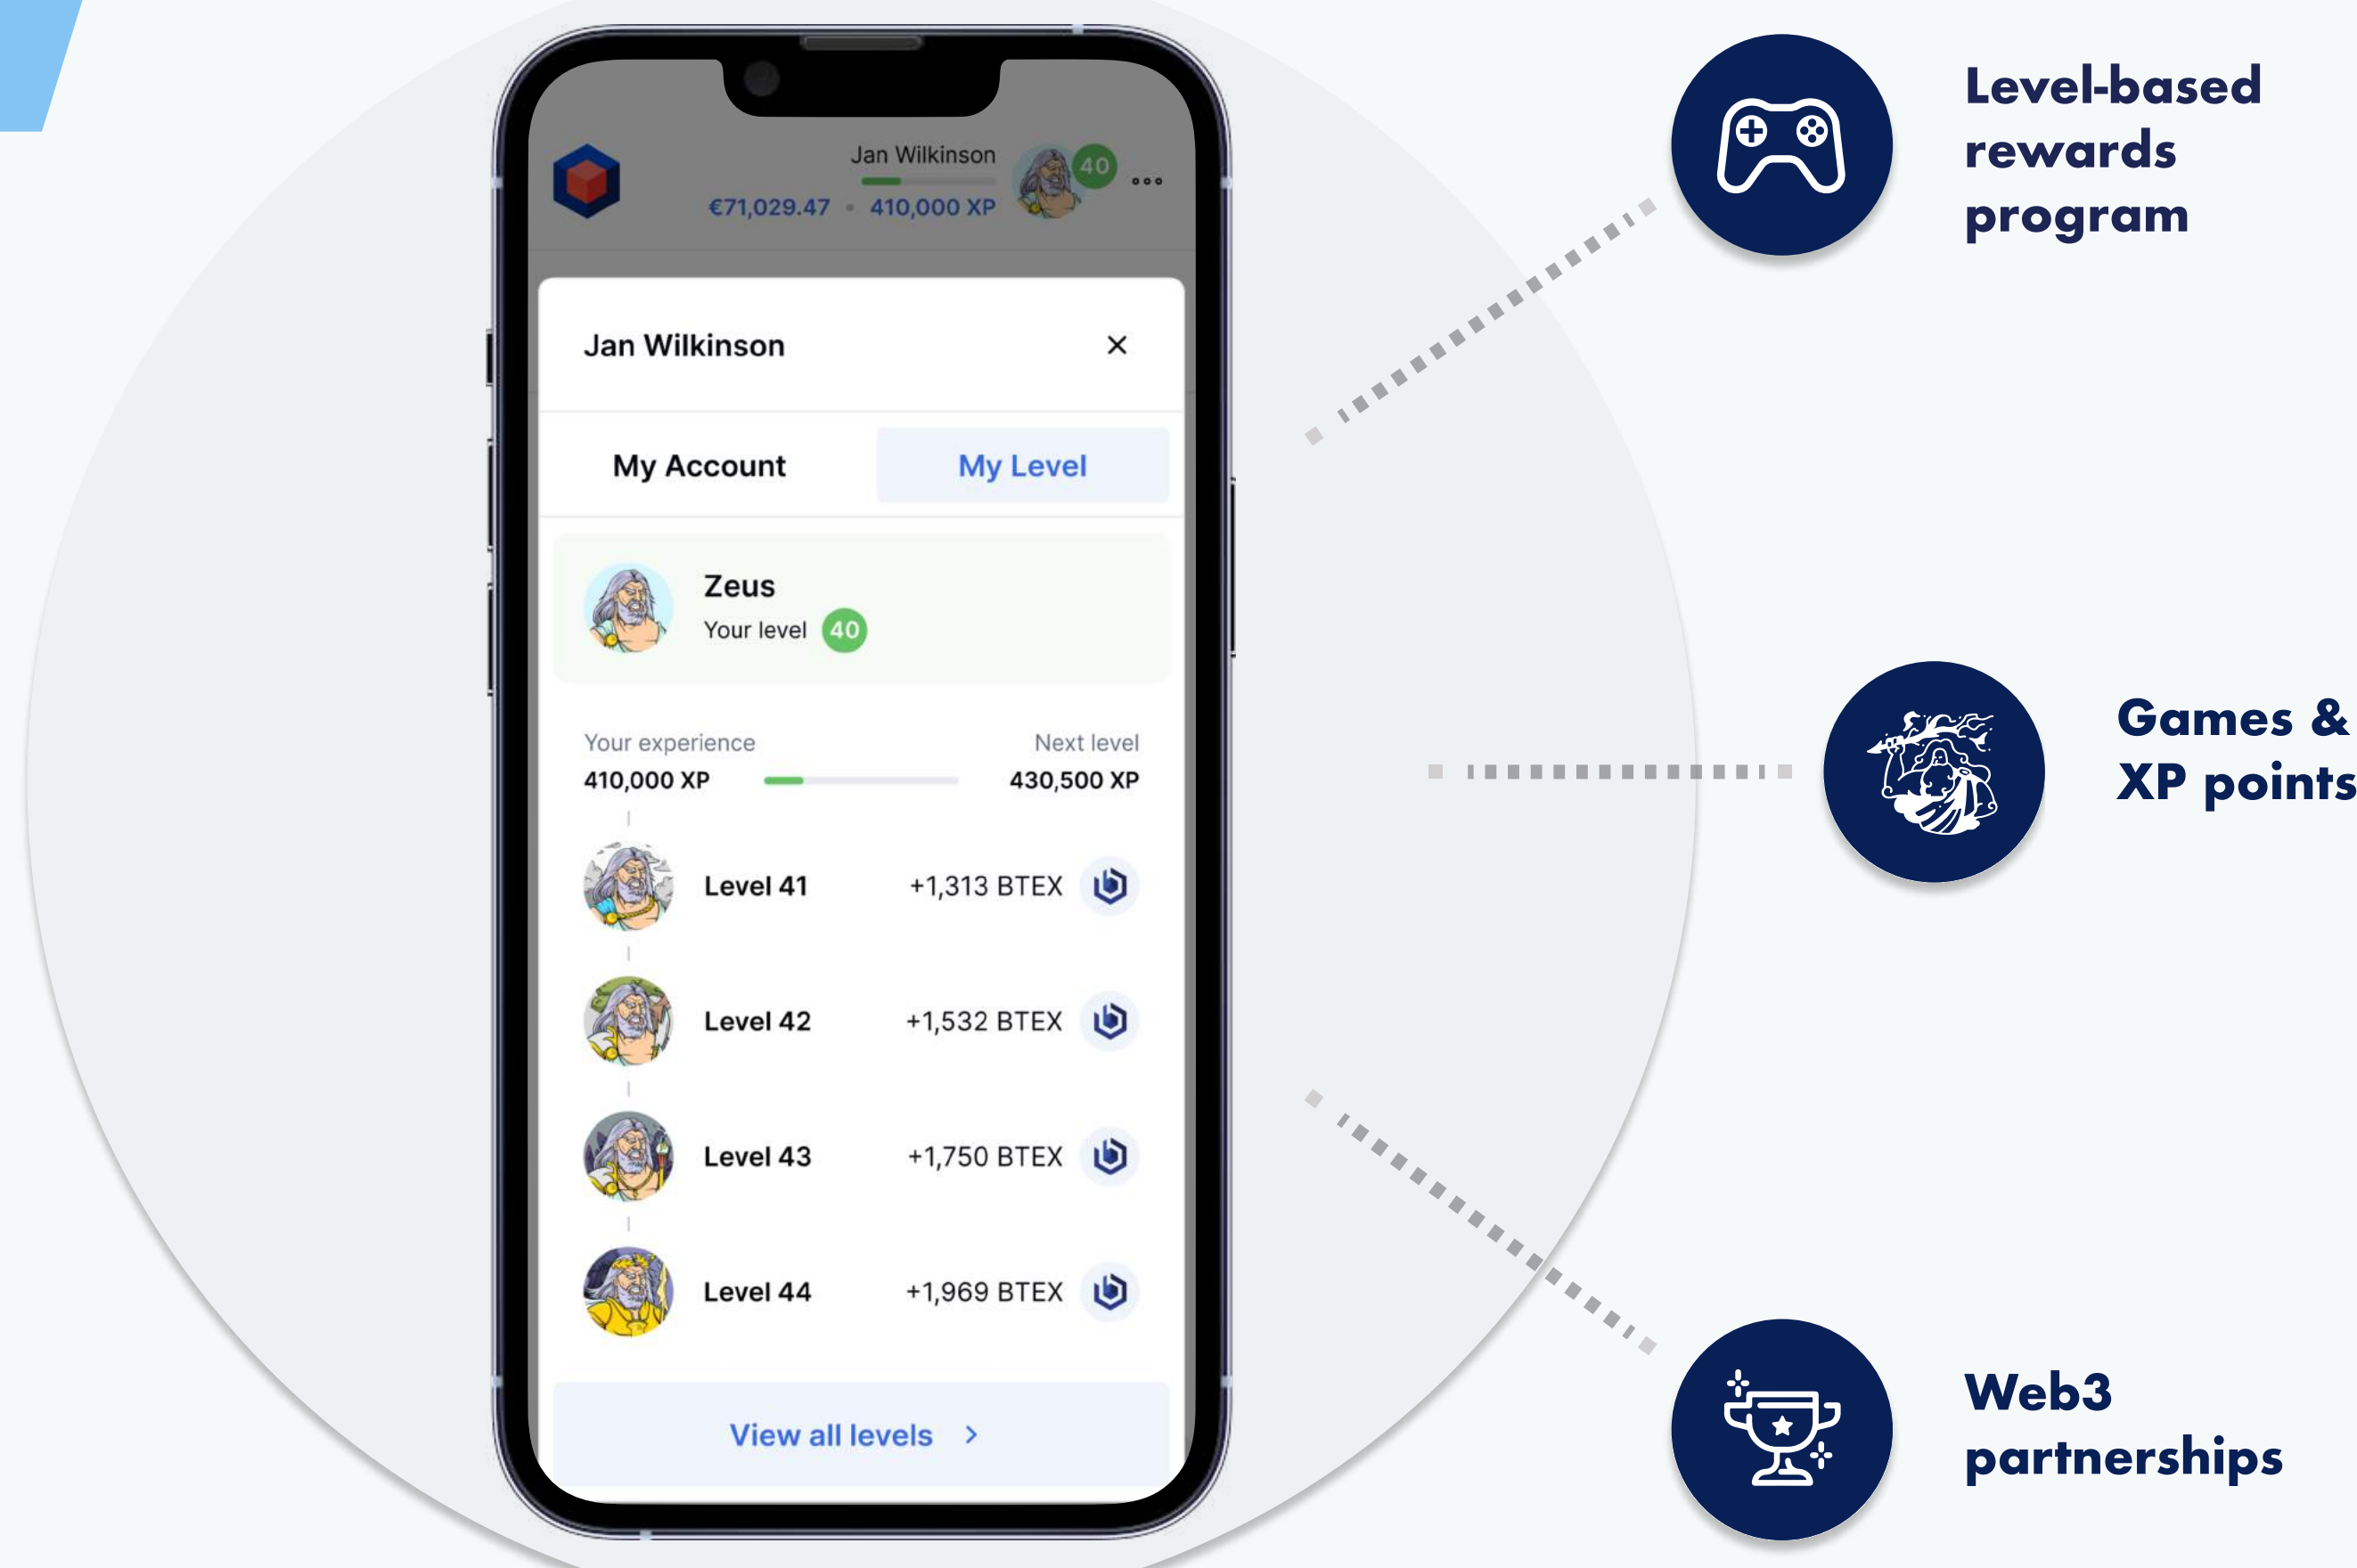

2023-2024

## Blocktrade 3.0

The first fully EU-regulated and gamified trading platform for digital assets

To drive our new growth strategy, we are introducing a gamified user journey with a level-based rewards program, including XP points, leaderboards, challenges, and NFT avatars. This will incentivize users to engage more frequently with our platform, making it more interactive and enjoyable, ultimately increasing usage and customer loyalty. With Blocktrade 3.0 and BTEX as its fuel, we will drive the next wave of mass adoption by becoming the gateway to a fully gamified crypto trading experience.
